In the Matter of Application No. 99-1:
SUMAS ENERGY 2 GENERATION
FACILITY

The City of Abbotsford and the Abbotsford Chamber of Commerce have reviewed and hereby adopt as their own pre-filed testimony the testimony submitted by the Province of British Columbia. The evidence presented by the Province largely and essentially reflects those concerns and issues raised by the City in its preliminary witness and issues list. Consequently, the City of Abbotsford and the Abbotsford Chamber of Commerce withdraw their witness and issues list. The City and Chamber reserve the right to cross-examine other witnesses where matters of a more local interest have not been covered in the, or diverge from, the Province's testimony and cross-examination.

PETER ANDZANS
Representative of City of Abbotsford and
Abbotsford Chamber of Commerce
